

# **COPFS Equality Outcomes Progress Report 2025**

## **Annex B - HR Data**

### **Introduction**

The Equality Outcomes progress report is a legal requirement of all public body organisations and is used to show how they are demonstrating the public sector equality duty and its three requirements:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct that is prohibited by the Equality Act 2010
- Advance equal opportunity between people who share a relevant protected characteristic and those who do not
- Foster good relations between people who share a protected characteristic and those who do not

As part of mainstreaming the equality duty, COPFS must collate and provide evidence of its efforts to comply with the public sector duties of the Equality Act 2010. This means an annual gathering of information on the protected characteristics covered by the Equality Act 2010, analysing the data and presenting it in a clear and concise format. The organisation is then required to publish this document on our external website.

In addition to the progress report, COPFS is also required to publish data on their gender pay gap. This is the percentage difference among employees between men's average hourly pay and women's average hourly pay.

COPFS does not report on figures less than 5 and in cases where the number has been too small to report on, an \* has been used in its place.

## **Contents**

### **Section A – COPFS Salary Scale**

- Show the current salary scale for each grade within the organisation following the January 2025 pay implementation.

### **Section B – Staff Headcount Data**

- Includes data on the current headcount of COPFS as at 31 March 2025. Information is broken down into each of the protected characteristics and separated out by full-time and part-time employees

### **Section C – Information on Leavers**

- Contains information on employees who left the organisation between 01 April 2024 and 31 March 2025. This data will also be broken down into the protected characteristics and separated by the reason for leaving

### **Section D – Average Salaries and Gender Pay Gap**

- Details the average salaries and gender pay gap between male and female employees within COPFS. There will be two tables with one showing the percentage gap without the SCS employees and one including the SCS employees

### **Section E – Recruitment & Selection**

- Displays information on recruitment and selection data between 01 April 2024 and 31 March 2025 categorised by the protected characteristics

### **Section F – Graphs**

- Graphs showing the trends in data between 2024 and 2025
